Cedrus Investments' Chairman Mr. Rani Jarkas is Invited to Speak at the Mines and Money Asia 2019 CONFERENCE

PRESS RELEASE PR Newswire

Mar. 25, 2019, 11:59 PM

HONG KONG, March 26, 2019 /PRNewswire/ -- The Chairman of **Cedrus Investments ("Cedrus")**, **Mr. Rani Jarkas**, is invited to speak at the **Mines and Money Asia 2019** conference to be held on 2nd -- 4th April 2019 in Hong Kong. This year, the event will again be Asia's largest gathering of the mining industry, connecting over 1,000 industry leaders, key company executives, investors, and policy makers from over 40 countries, and helping the industry generate potentially billions of dollars in new investments and business opportunities.

Mr. Jarkas will be speaking at the **Global Investment Landscape** plenary session to share his extensive industry experience and profound insights on ***"The criteria investors look for when assessing junior companies and small projects"***.

Mr. Jarkas said, "It is critical for investors to identify significant investment opportunities that will ultimately lead to win-win situations. In particular, with the inauguration of China's **Belt and Road Initiative**, vast opportunities in the form of small-scale projects could be available to junior

mining companies that would invigorate and further reshape the mining industry, and likely bring considerable financial benefits to involved companies and investors.

As a committed participant in the global mining industry, Cedrus has more than two decades of experiences investing in emerging growth-oriented natural resources companies and promising projects around the globe, and identifying the potentially most-rewarding investment opportunities based on the expansion of our **experience, expertise and global network** through continued involvement. We work closely with global company executives, tier-one institutional investors and local governments to help companies and projects succeed by providing them with top-notch, all-around guidance and sophisticated risk management techniques, together with our execution capabilities in terms of maximizing efficiency and meeting project financing and business operations needs.

Finally, I am honored to have the opportunity to share my views and discuss with other elite speakers and the audience about the topic of my speech or the mining industry in general at this exciting event."

About Cedrus Investments
