Cedrus Investments' Chairman Mr. Rani Jarkas is Invited to Speak at the 121 Tech Investment Conference in Hong Kong on Life Sciences

HONG KONG, May 15, 2018 /PRNewswire/ -- The Chairman of [Cedrus Investments \("Cedrus"\)](#), **Mr. Rani Jarkas**, is invited to speak at the **121 Tech Investment** conference to be held on 13th - 14th June 2018 in Hong Kong. At this event, senior executives from innovative industries, including **life sciences** and **technology**, and leading investors will discuss with other elites their unique observations and enlightening insights of the current market dynamics as well as prospects on future trends, with a focus on the most cutting-edge areas, including block-chain, smart cities and personalized medicines.

Cedrus is among the leading experts and a longtime investor in **life sciences**, having an unparalleled advisory board in-house expertise consisting of **world-renowned physicians and experts**. Mr. Jarkas will join a panel discussion, sharing not only his knowledge and insights into some of the most innovative areas in life sciences such as **gene editing**, but also his experience in the active involvement in the **rapidly-changing** Chinese life sciences industry where **investments in innovations** and **cross-border transactions** are of top priority.

Mr. Jarkas said, "**Life sciences** has long been the most important strategic focus of Cedrus in particular in the **Greater China region**, and we have been engaging in this industry for over two decades. Our success in establishing a unique and multi-dimensional global network, comprising of pundits with deep industry experience and expertise, as well as our good relationships with local governments in China has resulted in a **win-win situation** for both our valuable global clientele and business partners in and outside of China. While **Chinese investors and strategic partners are vigorously pursuing overseas cutting-edge technologies**, western life sciences companies are keen to capture the business opportunities presented by China, the world's second-largest pharmaceutical market. I am glad to be invited to participate in a panel discussion where I have the chance to exchange my thoughts with a few industry leaders in an effort to **jointly explore and identify impactful life sciences investments** that will **ultimately become the new growth engines of the industry**."
