Mr. Jarkas will be sharing his extensive experience and profound insights, as well as Cedrus' expertise in investing in the **clean technology** and **energy** sectors.

Mr. Jarkas said, "**China** is now committed to building a **greener energy system** to meet spiking energy demand while protecting the environment and improving public health by reducing emissions. As development priority is being granted to the **clean energy sector**, we expect the amount of investment being deployed to the sector to escalate in the coming years. With coal being the major energy source in China currently, we believe the switch to building a clean, **low-carbon**, safe and efficient modern energy system will certainly bring immense opportunities to investors."

"Cedrus' goal is to identify and capture these investment opportunities and make them financially rewarding to our clients, while making contributions to the development of this promising sector that benefits the global environment overall," Mr. Jarkas added.
